

January 7, 2025

To Our Dear Valued Patients,

After practicing dentistry for nearly forty years, I have decided to retire. I want to thank each of you for entrusting me with your dental health needs, not only as patients, but as friends. I have enjoyed seeing many of your families grow up, pursue careers, and raise families of their own. I feel truly blessed to have known so many wonderful people.

Therefore, following a lengthy search, and thoughtful consideration, Dr. Sophia and I are very pleased to introduce Dr. Diane Flexsenhar who will be taking over our practice. She is absolutely wonderful and shares all our values and philosophy with grace, dedication, compassion and skill. A proud Navy wife and mother of two energetic boys, she earned her DDS degree from the University of Texas Health Science Center at San Antonio in 2009. She is also a member of the Academy of General Dentistry. While Dr. Flexsenhar will be at the helm, Dr. Sophia and the rest of our team will remain with the practice and will continue providing the exceptional care you have always known.

Dr. Flexsenhar, affectionately known as “Dr. Flex” is a skillfully gifted and talented dentist. She is gentle, compassionate and values maintaining the family traditions and atmosphere we have always had here. With over fifteen years of experience, she has mastery of various additional procedures which allows you the opportunity to complete more treatment in house, versus being referred to other specialty offices. Some of these services include comprehensive restorative care, smile makeovers, Invisalign, therapeutic Botox, sleep apnea and TMD appliance therapy, root canal therapy, surgical extractions with bone graft, and dental implants. During the transition and my final tenure over the next few months, we will introduce as many of you as possible to Dr. Flexsenhar.

I must confess that my decision to retire comes with some sadness, as I will miss you. It wasn't just about dentistry, but about all the good relationships and experiences. Thank you for your trust and friendship over these many years.

Dr. Sophia and the rest of our team are excited to be working alongside Dr. Flexsenhar and are confident you will welcome her just as we have. During the seamless transition, you can expect to see the same faces as always.

Warm regards,

Dean J. Phass. DDS
